

Collaborative Mental Health Services for First Responders

Proposed Recipient: John Morrone Legacy Foundation

Address of Recipient: 2655 Ulmerton Rd, #276, Clearwater, FL 33762

Amount of the Request: \$500,000

Explanation of Request: The John Morrone Legacy Foundation would use this funding to expand and enhance their mental health services for first responders in the community. Through this program, first responders and their immediate family could apply for a grant that provides them access to mental health professionals specializing in family, couple, and individual counseling for little or no cost. Mental health issues including PTSD, suicidal ideations, and depression are serious problems for first responders; and through this funding, first responders in the community would have access to services that otherwise may not be available to them.
