

## **Pinellas County Sanitary Sewer Interceptor at Pinellas Park**

**Proposed Recipient:** Pinellas County, FL

**Address of Recipient:** 315 Court St., Clearwater, FL 33756

**Amount of the Request:** \$700,000

**Explanation of Request:** This project will eliminate a repetitive sanitary sewer overflow occurring in Pinellas Park, FL during wet weather events. The project will consist of designing and constructing a sanitary sewer force main with greater capacity to convey the wastewater safely and effectively for treatment. Funding in Fiscal Year 2022 would cover the design portion of this project. These overflows contain raw sewage, so this project will protect water quality and the environment, while enhancing the resiliency of Pinellas County's wastewater systems.
