To authorize the President to enter into a cooperative project agreement with Israel to counter unmanned aerial vehicles that threaten the United States or Israel.

IN THE HOUSE OF REPRESENTATIVES

Mr. Crist (for himself and Mr. Johnson of Louisiana) introduced the following bill; which was referred to the Committee on

A BILL

To authorize the President to enter into a cooperative project agreement with Israel to counter unmanned aerial vehicles that threaten the United States or Israel.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “United States-Israel Joint Drone Detection Cooperation Act”.

$(Original Signature of Member)$
SEC. 2. AUTHORITY TO ENTER INTO A COOPERATIVE
PROJECT AGREEMENT WITH ISRAEL TO
COUNTER UNMANNED AERIAL VEHICLES
THAT THREATEN THE UNITED STATES OR
ISRAEL.

(a) FINDINGS.—Congress finds the following:

(1) On February 10, 2018, Iran launched an
unmanned aerial vehicle (commonly known as a
“drone”) from Syria that penetrated Israeli air-
space.

(2) Israeli officials noted that the unmanned
aerial vehicle was in Israeli airspace for a minute
and a half before being shot down by the Israeli air
force.

(3) Senior Israeli officials stated that the un-
manned aerial vehicle was an advanced piece of tech-
nology.

(4) It remains unclear whether the unmanned
aerial vehicle was armed. Nonetheless, the launch,
and sophistication of the unmanned aerial vehicle,
highlight the threat Israel faces from unmanned aer-
ial vehicles from Iranian forces active in Syria and
from Hezbollah in Lebanon.

(5) The United States likewise faces the threat
of unmanned aerial vehicles along the United States
border and in areas of active hostilities, including
unmanned aerial vehicles of the Islamic State of Iraq and Syria (ISIS) in Iraq and Syria and unmanned aerial vehicles manufactured of al-Qaeda in Afghanistan.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) joint research and development to counter unmanned aerial vehicles will serve the national security interests of the United States and Israel;

(2) Israel faces urgent and emerging threats from unmanned aerial vehicles and other unmanned aerial vehicles, launched from Lebanon by Hezbollah, from Syria by forces of Iran’s Revolutionary Guard Corps, or from others seeking to attack Israel; and

(3) the United States and Israel should continue to work together to defend against all threats to the safety, security, and national interests of both countries.

c) AUTHORITY TO ENTER INTO AGREEMENT.—

(1) IN GENERAL.—The President is authorized to enter into a cooperative project agreement with Israel under the authority of section 27 of the Arms Export Control Act (22 U.S.C. 2767) to carry out research on and development, testing, evaluation,
and joint production (including follow-on support) of
defense articles and defense services to detect, track,
and destroy unmanned aerial vehicles that threaten
the United States or Israel.

(2) APPLICABLE REQUIREMENTS.—The cooper-
ative project agreement described in paragraph
(1)—

(A) shall provide that any activities carried
out pursuant to the agreement are subject to—

(i) the applicable requirements de-
scribed in subparagraphs (A), (B), and (C)
of section 27(b)(2) of the Arms Export
Control Act; and

(ii) any other applicable requirements
of the Arms Export Control Act with re-
spect to the use, transfers, and security of
such defense articles and defense services
under that Act; and

(B) shall establish a framework to nego-
tiate the rights to intellectual property devel-
oped under the agreement.
